Mark Nganga

My name is Mark and am 9 years old and in Grade 4.

My school is Logos Christian Academy, Limuru. Covid 19 came to Kenya and schools were closed. Our parents cannot go to work. We were told to stay at home and not go and play outside. I miss my friends, relatives, teachers, class mates and school

Covid 19 makes us to keep our environment and our bodies clean. We wash our hands with soap and water many times. May God keep the world safe from Covid 19.

Daniel Kago

My name is Daniel Kago. I am a pupil at Logos Christian Academy, Limuru and in class eight. During these difficult times of corona virus, I have time to do revision. However, I also have to help around the home and when my guardian needs something she calls me to take it to her.

It is also difficult because I have to keep washing my hands and wearing a mask when I am going to the shop.

Learning from home is difficult because when I am not able to interpret a question, I have no one to assist me. I am also distracted by my young cousins when they are playing outside when I am studying. I miss my teachers, I miss school and I hope we open soon.

Thank you for sponsoring me. God bless you.

Dear Sponsor,

Hi, my name is Millan Wafula Nyongesa a beneficiary of the Logos Scholarship Fund. I am a third year student in Naant Kenya University and I have been in the fund since I joined form one in 2014. I am currently studying Bachelor of Science in Petroleum Exploration and Production.

Since Covid 19 started our studies were disrupted because all schools were closed. While at home, I have been taking online studies related to Software Engineering and Information Technology. I have been helping in teaching my younger siblings and also doing house chores.

I would wish to go back to school after the pandemic and continue with my studies. Right now I am supposed to be on attachment. I thank you for helping me with my education for five years. May God Bless you.

Yours faithfully
Millan Wafula Nyongesa

Dear Sponsor,

How are you? I hope you are well and your family members are fine. Am also hoping that God will be able to protect you and your family during this hard time of this pandemic that has affected everyone worldwide.

Am Sandra Nasimiya aged fifteen years from St. Theresa's Erege Girls High School and am in form two. We were not given any report form when we came back home because we were supposed to do our on the 23rd of March but due to the pandemic we had to return home much earlier. My last grade was B+ and am aiming to score an A in the next exam.

Life at home has not been easy because of this pandemic. Business has not been doing good but we have been able to cope in one way or another.

My aim was to say thank you for providing food for my family and also helping my parents to pay house rent and for this I will continue praying for God to continue blessing you with countless and overflowing blessings. May He give you and your family long life so that you can live to see those you help like me also helping other people in future.

Our family members remember you daily in our prayers. Thank you very much for all your help and the scholarship from Logos.

Yours faithfully,

Sandra Nasimiya

Dear Hannah,

Greetings from Kenya! I hope you and your family are doing well. I am coping well with my family here despite the uncertainty of the future due to the pandemic which has caused a strain both emotionally and financially.

I have been busy in school since we shifted to online classes and assignments. I will also be doing my end of semester exams online. All in all I thank God for keeping my family and I safe and we trust that all this will be over soon.

The main aim of this letter is to say thank you have given me through Logos. Paying my school fees since I joined high school in 2014 and now in university is something I do not take for granted. My heart is full of gratitude. I am a student at the University of Nairobi pursuing a degree in Bachelor of Economics. I still hold on to my dream of working at the World Bank in future.

Logos has been very instrumental in my life. First, through the mentorship program. I have been mentored by two amazing ladies, Omo and Rosa who have been very supportive in my journey since 2014. For instance, they guided me in choosing a career which I love and am grateful for. I also got my first job opportunity in life through Logos in 2018. Moreover, through the program under Logos, I have made lifelong friendships and networks which have had a huge impact in my life. I also got the interest to serve in Nairobi Chapel's Children's Ministry. Quest thanks to VUMA a program under Logos. Logos has been a huge blessing in my life and I thank God for giving me a chance to be part of the team.

I hope I will get to meet you one day to say thank you in person because I am very grateful. May God Bless you and your family each and every day. Thank you Hannah!

Yours faithfully,
Brenda Bonareri
